This 2011 Jeep Grand Cherokee Limited has been a reliable workhorse with its V8 engine. We bought it for all weather conditions and it handles beautifully in anything. Minor dents not affecting paint on the outside, minor leather cracking on the inside from wear and tear, otherwise great condition.

Steers buyers through the the confusion and anxiety of new and used vehicle purchases like no other car-and-truck book on the market. "Dr. Phil," along with George Iny and the Editors of the Automobile Protection Association, pull no punches.

Phil Edmonston, Canada's automotive "Dr. Phil," pulls no punches. He says there's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar and an auto industry offering reduced prices, more cash rebates, low financing rates, bargain leases, and free auto maintenance programs. In this all-new guide he says: Audis are beautiful to behold but hell to own (biodegradable transmissions, "rodent snack" wiring, and mind-boggling depreciation Many 2011-12 automobiles have "chin-to-chest head restraints, blinding dash reflections, and dash gauges that can't be seen in sunlight, not to mention painful wind-tunnel roar if the rear windows are opened while underway Ethanol and hybrid fuel-saving claims have more in common with Harry Potter than the Society of Automotive Engineers GM's 2012 Volt electric car is a mixture of hype and hypocrisy from the car company that "killed" its own electric car more than a decade ago You can save \$2,000 by cutting freight fees and "administrative" charges Diesel annual urea fill-up scams cancel you \$300, including an \$80 "handling" charge for \$25 worth of urea Lemon-Aid's 2011-12 Endangered Species List: the Chinese Volvo, the Indian Jaguar and Land Rover, the Mercedes-Benz Smart Car, Mitsubishi, and Suzuki

Ebook: Business Statistics in Practice: Using Data, Modeling and Analytics

Steers buyers through the the confusion and anxiety of new and used vehicle purchases like no other car-and-truck book on the market. "Dr. Phil," along with George Iny and the Editors of the Automobile Protection Association, pull no punches.

As U.S. and Canadian automakers and dealers face bankruptcy and Toyota battles unprecedented quality-control problems, Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. Phil Edmonston, Canada's automotive "Dr. Phil" for more than 40 years, pulls no punches. In this all-new guide he says: Chrysler's days are numbered with the dubious help of Fiat. Electric cars and ethanol power are PR gimmicks. Diesel and natural gas are the future. Be wary of "zombie" vehicles: Jaguar, Land Rover, Saab, and Volvo. Mercedes-Benz -- rich cars, poor quality. There's only one Saturn you should buy. Toyota -- enough apologies: "when you mess up, 'fess up."

Canada's automotive "Dr. Phil" says there's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar, a worldwide recession driving prices downward, and a more competitive Japanese auto industry that's still reeling from a series of natural disasters.

In this book, I explain the journey of CAPTAIN COOL "M.S DHONI" after the 2011 world cup because till the World Cup you saw in the Movie or in other books. But this journey is also intresting please read it ...

A special report on the resurgence of the Detroit auto industry using the Chrysler Jeep plant at Jefferson North as a focal point. The report centers on the characters behind the plant and the new technology it is using for manufacturing cars, while also looking at the economic desperation of the neighborhood in which the Jeep plant sits.

A business-based rallying cry to reclaim the US economy There is a nagging feeling that the U.S. is slipping as a nation and our people are powerless to do anything to fix it. Issues such as jobs, product quality and safety, wages, the economy, and our status as the world's leading superpower are all tied together with our massive trade deficit. Re-Made in the USA addresses these issues using the author's firsthand observations and analysis, and offers a practical plan for how we can get our economy and global status back. A practical action plan to get the nation back on track If you're worried about America when you start reading this book, you'll finish feeling empowered Todd Lipscomb has a distinguished record in international business America's future does not have to be on the decline. In inspiring terms, Re-Made in the USA lays out the choice Americans have between doing nothing, and doing what we do best-rolling up our sleeves and working hard to fix the problem.
