The freedom in walking lies in not being anyone; for the walking body has no history, it is just an eddy in the stream of immemorial life. Frédéric Gros, A Philosophy of Walking

A Philosophy of Walking Quotes by Frédéric Gros

It isn't a work of fiction, and I am but a solitary reader without so much as access to an electroencephalograph, but A Philosophy of Walking by Frédéric Gros, a French best-seller from 2011 just published in English by Verso, seems to have been setting up its own "hybrid mentalizing-narrative network configuration" within my head over the past few days.

Review of Frederic Gros, 'A Philosophy of Walking'

Walking is not sport, he says, in the first line of his book, A Philosophy of Walking. Sport is a discipline, "an ethic, a labour". It is a performance. Walking, on the other hand, "is the best way...

Description "It is only ideas gained from walking that have any worth."--Nietzsche In A Philosophy of Walking, a bestseller in France, leading thinker Frederic Gros charts the many different ways we get from A to B -- the pilgrimage, the promenade, the protest march, the nature ramble -- and reveals what they say about us.

A Philosophy of Walking : Frederic Gros : 9781781688373

Nietzsche, Thoreau and Rousseau are not alone in thinking so. Being in company forces one to jostle, hamper, walk at the wrong speed for others. When walking it's essential to find your own basic rhythm, and maintain it. The right basic rhythm is the one that suits you, so well that you don't tire and can keep it up for ten hours.

A Philosophy of Walking - PEN America

More of a love letter than a philosophical tome, John Howe's eloquent translation of Frédéric Gros's A Philosophy of Walking is a beautiful and poetic rumination on one of the most ordinary acts.

It is only ideas gained from walking that have any worth. Nietzsche In A Philosophy of Walking, a bestseller in France, leading thinker Frédéric Gros charts the many different ways we get from A to B the pilgrimage, the promenade, the protest march, the nature ramble and reveals what they say about us. Gros draws attention to other thinkers who also saw walking as something central to their practice. On his travels he ponders Thoreau's eager seclusion in Walden Woods; the reason Rimbaud walked in a fury, while Nerval rambled to cure his melancholy. He shows us how Rousseau walked in order to think, while Nietzsche wandered the mountainside to write. In contrast, Kant marched through his hometown every day, exactly at the same hour, to escape the compulsion of thought. Brilliant and erudite, A Philosophy of Walking is an entertaining and insightful manifesto for putting one foot in front of the other.

Explores the role and influence of walking in the lives of such thinkers as Kant, Rousseau, Nietzsche, Robert Louis Stevenson, Gandhi, and Jack Kerouac.

It is only ideas gained from walking that have any worth. Brilliant and erudite, A Philosophy of Walking is an entertaining and insightful manifesto for putting one foot in front of the other.

Exploring the philosophy of disobedience The world is out of joint, so much so that disobeying should be an urgent question for everyone. In this provocative essay, Frédéric Gros explores the roots of political obedience. Social conformity, economic subjection, respect for authorities, constitutional consensus? Examining the various styles of obedience provides tools to study, invent and induce new forms of civic disobedience and lyrical protest. Nothing can be taken for granted: neither supposed certainties nor social conventions, economic injustice or moral conviction. Thinking philosophically requires us never to accept truths and generalities that seem obvious. It restores a sense of political responsibility. At a time when the decisions of experts are presented as the result of icy statistics and anonymous calculations, disobeying becomes an assertion of humanity. To philosophize is to disobey. This book is a call for critical democracy and ethical resistance.

How we walk, where we walk, why we walk tells the world who and what we are. Whether it's once a day to the car, or for long weekend hikes, or as competition, or as art, walking is a profoundly universal aspect of what makes us humans, social creatures, and engaged with the world. Cultural commentator, Whitbread Prize winner, and author of Sex Collectors Geoff Nicholson offers his fascinating, definitive, and personal ruminations on the literature, science, philosophy, art, and history of walking. Nicholson finds people who walk only at night, or naked, or in the shape of a cross or a circle, or for thousands of miles at a time, in costume, for causes, or for no reason whatsoever. He examines the history and traditions of walking and its role as inspiration to artists, musicians, and writers like Bob Dylan, Charles Dickens, and Buster Keaton. In The Lost Art of Walking, he brings curiosity, imagination, and genuine insight to a subject that often strides, shuffles, struts, or lopes right by us.

The idea of security!from ancient Greece to the War on Terror In The Security Principle, French philosopher Frédéric Gros takes a historical approach to the concept of security, looking at its evolution from the Stoics to the social network. With lucidity and rigour, Gros's approach is fourfold, looking at security as a mental state, as developed by the Greeks; as an objective situation and absence of all danger, as prevailed in the Middle Ages; as guaranteed by the nation-state and its trio of judiciary, police, and military; and finally biosecurity, control, regulation, and protection in the flux of contemporary society. In this deeply thought-provoking account, Gros's exploration of security shines a light both on its past meanings and its present uses, exposing the contemporary abuses of security and the pervasiveness of it in everyday life in the Global North.

A wild portrayal of the passion and spirit of female walkers and the deep sense of knowing that they found along the path. Raynor Winn, author of The Salt Path opened this book and instantly found that I was part of a conversation I didn't want to leave. A dazzling, inspirational history. Helen Mort, author of No Map Could Show Them This is a book about ten women over the past three hundred years who have found walking essential to their sense of themselves, as people and as writers. Wanderers traces their footsteps, from eighteenth-century parson's daughter Elizabeth Carter who desired nothing more than to be taken for a vagabond in the wilds of southern England to modern walker-writers such as Nan Shepherd and Cheryl Strayed. For each, walking was integral, whether it was rambling for miles across the Highlands, like Sarah Stoddart Hazlitt, or pacing novels into being, as Virginia Woolf did around Bloomsbury. Offering a beguiling view of the history of walking, Wanderers guides us through the different ways of seeing of being articulated by these ten pathfinding women.

Just like the best walks, The Joy of Walking takes you on a journey with lots to surprise and enjoy along the way. Through the best of classic writing, this inspiring anthology shows how the simple act of walking goes to the heart of life itself. Part of the Macmillan Collector's Library; a series of stunning pocket size classics, this edition is edited and introduced by Suzy Cripps. Whether walking through awe-inspiring countryside or weaving your way through crowds in the hustle and bustle of great cities, we take thousands of steps a day. Finding meaning in movement can be difficult in today's frenetic world. This may seem like a modern problem, but putting one foot in front of the other is something that authors have been writing about for centuries. Some like Gaskell, Wordsworth and Whitman extol the virtues of walking in the countryside, be it on one's own connecting with nature or as the means to really good conversation with friends. Others like Dickens and E. M. Forster explore the thrill and dangers of moving about the city, by day or by night. In The Joy of Walking you'll find a wealth of essays, poetry and fiction celebrating and exploring the joy of walking.

"The Reveries of the Solitary Walker" by Jean Jacques Rousseau. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten or yet undiscovered gems of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

These four essays are key documents for understanding the development of Nietzsche's thought.
