coincidences--some heartwarming, some strange, some awe-inspiring.

Charles Middleberg and his family are Polish Jews, living in France during World War II. After the German invasion in May 1940, Charles's father is taken away. Soon after, his mother is taken as well, and for the next five years, Charles and his brother will have their lives saved - again and again - by a series of small miracles.

wrenching. White is a gifted storyteller." —Washington Post From the streets of Baltimore to the halls of the New Mexico Philharmonic, a musician shares his remarkable story in *I'm Possible*, an inspiring memoir of perseverance and possibility. Young Richard Antoine White and his mother don't have a key to a room or a house. Sometimes they have shelter, but they never have a place to call home. Still, they have each other, and Richard believes he can look after his mother, even as she struggles with alcoholism and sometimes disappears, sending Richard into loops of visiting familiar spots until he finds her again. And he always does—until one night, when he almost dies searching for her in the snow and is taken in by his

adoptive grandparents. Living with his grandparents is an adjustment with rules and routines, but when Richard joins band for something to do, he unexpectedly discovers a talent and a sense of purpose. Taking up the tuba feels like something he can do that belongs to him, and playing music is like a light going on in the dark. Soon Richard gains acceptance to the prestigious Baltimore School for the Arts, and he continues thriving in his musical studies at the Peabody Conservatory and beyond, even as he navigates racial and socioeconomic disparities as one of few Black students in his programs. With fierce determination, Richard pushes forward on his remarkable path, eventually securing a coveted spot

in a symphony orchestra and becoming the first African American to earn a doctorate in music for tuba performance. A professor, mentor, and motivational speaker, Richard now shares his extraordinary story—of dreaming big, impossible dreams and making them come true.

"They Will Have to Die Now is the story of what happened after most Americans stopped paying attention to Iraq...It will take its place among the very best war writing of the past two decades." —George Packer, author of *Our Man and The Assassins' Gate*

cover the jihadis' last great stand, the Battle of Mosul, not knowing it would go on for nearly a year, nor that it would become, in the words of the Pentagon, "the most significant urban combat since WWII." They Will Have to Die Now takes the reader into the heart of the conflict against the most lethal insurgency of our time. We see unspeakable violence, improbable humanity, and occasional humor. We meet an Iraqi major fighting his way through the city with a bad leg; a general who taunts snipers; an American sergeant who removes his glass eye to unnerve his troops; a pair of Moslawi brothers who welcomed the Islamic State, believing, as so many Moslawis did, that it might improve their shattered lives. Verini also relates

will adore reading this book to children of any age. With a lasting message about appreciating some of the extraordinary things we can often take for granted, this story is timeless, and it can be shared over and over again.

A teacher's gift of love makes a profound impact on one of her struggling students in this heartwarming story. Mary Bartel is a child who seems beyond hope of helping, but Sophie Lawson's heart is moved to try to make a difference. This deeply moving story will inspire readers to consider the people God has brought into their lives.

“Sleeplessness gets the Susan Sontag illness-as-metaphor treatment in this pensive, compact, lyrical inquiry into the author’s nighttime demons.” —Kirkus Reviews

In 2016, Samantha Harvey began to lose sleep. She tried everything to appease her wakefulness: from medication to therapy, changes in her diet to changes in her living arrangements. Nothing seemed to help. *The Shapeless Unease* is Harvey’s darkly funny and deeply intelligent anatomy of her insomnia, an immersive interior monologue of a year without one of the most basic human needs. Original and profound, and narrated with a lucid breathlessness, this is a startlingly insightful exploration of memory, writing and influence, death

and the will to survive, from “this generation’s Virginia Woolf” (Telegraph). “Captures the essence of fractious emotions—anxiety, fear, grief, rage—in prose so elegant, so luminous, it practically shines from the page. Harvey is a hugely talented writer, and this is a book to relish.” —Sarah Waters, New York Times–bestselling author “Harvey writes with hypnotic power and poetic precision about—well, about everything: grief, pain, memory, family, the night sky, a lake at sunset, what it means to dream and what it means to suffer and survive . . . The big surprise is that this book about ‘shapeless unease’ is, in the end, a glittering, playful and, yes, joyful celebration of that glorious gift of glorious life.” —Daily Mail “What a
