The study contains a synchronical description of the San Giorgio variety of the Slovene dialect spoken in the Resia valley (Val Resia/Rezijanska dolina) situated in north-eastern Italy. The following linguistic levels are analysed: phonology, morphonology and morphology. Apart from this some remarks on syntax and a lexicon have been included. The first chapter contains an overview of existing descriptive publications on Resian. Taking this overview as a starting point the choice of exactly the San Giorgio variety as the topic of this study is accounted for and the need for not only phonological, but also morphological analysis is made pointed out. The chapter further contains information on the native speakers whose speech is analysed and on the various methods used to obtain the dialect material. In the second chapter the phoneme inventory is presented, along with information on realisations, (optional) neutralisations and sandhi phenomena. Notwithstanding the considerable amount of phonetic detail given, the first and foremost aim of this chapter remains the quest for phonological oppositions and their functioning. In the third chapter the morphonological alternations that occur in the substantive, adjective and verb categories are being treated. Instead of dividing this information over the respective chapters on these categories, the alternations are presented together in a separate chapter, because some of the more frequent of them occur in all these word classes. However, through a classification by accent classes alternations concerning the location of stress are treated together with the word class they occur in. The third through seventh chapter inclusive contain the morphology of the substantive (chapter 4), the adjective (chapter 5), the pronoun, the numeral and the article (chapter 6) and the verb (chapter 7), respectively. In each chapter, together with an inventory of the attested desinences, an overview is given of rare desinences, of irregular declinations/conjugations and of the distribution of alternative desinences.

This book deals with the fascinating phenomena of the practice of the "Cargo Cult" in the Madang district of New Guinea.

This book envisions the study of bare noun phrases as a field of research in its own right rather than an accessory matter in the wider domain of nominal determination. Combining insights from different theoretical backgrounds and extending the empirical coverage of bare noun phenomena, the ten contributions provide new perspectives on long-standing but still actively debated problems as well as investigations into previously ignored issues. The volume focuses on the wide range of bare noun phenomena in Romance languages, including Spanish, Catalan, Brazilian and European Portuguese, Italian and French; but also widens its inherently comparative perspective to languages such as Bulgarian and Modern Hebrew. The authors discuss the importance of cross-linguistic patterns in the modeling of the syntax and semantics of noun phrases and of common noun denotations, the role of information structure as well as that of discourse traditions and coordination.

"Neuslišane molitve" Janis Crockett priča je o prvoj ljubavi. Onoj za cijeli život. Priča o Amber Lindsey, od njezinoga prvog otkrivanja ljubavi, sa svim nadama i snovima o budućnosti, kroz teškoće i razočaranja koje život stavlja pred nju, pa sve do stvarnosti u kojoj se vidi kako život i ljubav ponekad mogu biti iznenađ'enja kakva nikad ne biste očekivali. Priča počinje u kasnim '60-ima prošlog stoljeća, kad se mnogo toga događ'alo i kad se svijet mijenjao. Divljao je rat u Vijetnamu. Hipi pokret postao je obilježje vremena. Ali život u malom gradu tekao je istim sporim ritmom, pokušavajući se oduprijeti promjenama koje su ga okruživale. Neki su uspjeli održati svoje obiteljske vrijednosti i proći kroz to razdoblje gotovo netaknuti. Priča se događ'a u prekrasnom gradiću imena Ukiah, u Kaliforniji, nedaleko San Francisca, u blizini visokih šuma sekojva. Ljubav raste i mijenja se s vremenom. Amber se nada i sanja budućnosti kakvu je uvijek zamišljala, ali sve kreće sasvim drukčijim tokom...

This book explores a critical question: in the wake of identity-based violence, what can internal and international peacebuilders do to help "deeply divided societies" rediscover a sense of living together? In 2016, ethnic, religious, and sectarian violence in Syria and Iraq, the Central African Republic, Myanmar, and Burundi grab headlines and present worrying scenarios of mass atrocities. The principal concern which this volume addresses is "social cohesion" - relations within society and across deep divisions, and the relationship of individuals and groups with the state. For global peacebuilding networks, the social cohesion concept is a leitmotif for assessment of social dynamics and a strategic goal of interventions to promote resilience following violent conflict. In this volume, case studies by leading international scholars paired with local researchers yield in-depth analyses of social cohesion and related peacebuilding efforts in seven countries: Guatemala, Kenya, Lebanon, Nepal, Nigeria, Myanmar, and Sri Lanka.

"An Anthology of Yugoslav Poetry: Serbian Lyrics" by Various (translated by James William Wiles, John Bowring, Earl of Edward Robert Bulwer Lytton Lytton). Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten-or yet undiscovered gems-of world literature, we issue the books that need to be read.
