But Felix's world is about to change, because he is Findo Unum--the Split One--and his coming has been foretold for generations. Art Savvy is a systematic approach to understanding art. It gives you methods to assess a design and really see what the artist was doing. Unlike chaotic art writings, terms are clearly defined, categorized, organized and illustrated. It is designed to answer questions like: What things will allow me to understand art? What are the basic elements? What is concept art? Can you "read" a work of abstract art? Visual literacy is the ability to interpret, negotiate, and make meaning from information presented in art work. Art Savvy gives you this. Defining Terms: Often art terms are not clearly defined, are used interchangeably or get mixed up with other types of analysis. For a thorough exploration of all aspects of art, photos of great works are referenced with color keyed notations to illustrate the 5 easy pieces: 1. Design Elements- Visual grammar, line, shape, form, mass etc. - definitions & how to see them. 2. Organization Principles- How elements are arranged and how this effects the concept. 3. Style- Relation to other groups of work and formulas for design. 4. Technique- How methods and materials are used to impact the concept. 5. Concept- What this piece about. What major themes and elements were used. Assessment techniques in each section of Art Savvy will train your eye to always see these 5 aspects of any artwork. It is not attempting judgments of relevance, philosophy, spiritual meanings and other ethereal aspects that a work may convey. This text poses the question: "What is the basic concept here?"

but sticks to pure analysis and leaves all judgment to you and the experts. This field guide is a mini textbook on design principles that will let you understand art!

The coach knew he shouldn't be watching... TJ has a case of "culture shock" when he enters college. He loses his girlfriend, cannot focus on his basketball and is losing grip on his grades. In short, he is in trouble. He is lucky enough to have his coach give him a pep talk and recommend a good tutor, which helps him enormously. But not having a girlfriend is giving him difficulty in the lower region, and he finally finds a place to relieve himself. He finally finds a balance between the three, giving each his full attention. And then he finds out that he really isn't paying attention to what can bring him down. Down on his knees, that is. What does he have to do to get him out of this trouble he brought upon himself? Or will he run and make a fool out of himself? SAMPLE 1: TJ began thinking about his other teammates and seeing them all naked. He could still see them in his head with their athletic bodies and swinging cocks. His own cock jumped and twitched as he turned on the water. He began to shampoo his hair and rinse it out. Then he picked up the soap and began lathering up his body. He did his arms, running his hands up and down the lean muscles. He was feeling his young firm biceps. He was feeling the soft blonde hair on his forearms as he ran the soap up into his sweaty pits. Then he

began on his chest. He was running his soapy hands over his pecks. He was running his soapy fingers over his nipples. His nipples responded to the attention and grew hard as did his dick. His hand slid down his smooth chest down over his flat belly down into his pubes. He ran the soap through his brown pubes and under to his balls. He cupped his balls as his other hand began to slide up and down his hardening cock...  
SAMPLE 2: He was quite surprised by the sight. TJ was standing there letting the water run over his naked body. His fist was wrapped around his rock hard cock. His other hand was cupping and fondling his balls. His fist was pumping up and down his boy meat fast and hard. The coach watched the boy jacking his cock. Coach watched as TJ was squeezing his balls as he stroked that rock hard young cock. It was quite a hot sight. His cock was growing hard inside his pants. The sight of the naked kid stroking his hard cock was sending surges into the Coach's own dick. TJ's smooth young body was glistening wet and trails of soap suds traveled down the tan skin. It was more than the cock in his pants could stand. The coach was fully hard and rubbing his big meat through his pants...

NEW AGE | VISIONARY FICTION | ALLEGORY | INSPIRATIONAL | SPIRIT. Tormented by the never-ending voices of his inner critic and the 'thought storms' in his mind, a disheartened man travels West on the brink of despair, stopping overnight in a small Nebraska prairie town, where he experiences a surprising inner awakening...Through this allegory, discover and explore a key tool of self-awareness --'The Watcher' (witness consciousness)-- for finding peace on your own inner journey and spiritual path.

Inspired by the profound wisdom of Michael Singer's *The Untethered Soul*, the author here shares the process of one person's internal struggle to understand--and escape from--the incessant voices of their inner self-critic. Then --moving well beyond the entry point of self-criticism--this simple story delves deeply to explore the very nature of thinking and emotions themselves and our relationship to them as human beings. What is real? What is illusion? Who ARE you? Is it possible to be freed from the "thought maze" that typically entangles a person in their everyday life? Through the protagonist's journey the larger picture of personal identity and its relationship to thoughts and feelings is revealed, as he unknowingly discovers a key tool of self-awareness that the reader will also be able take away for everyday use on their own spiritual path. This transformation evolves over the course of only 24 hours...yet magically, time stretches as the mind of the main character opens and his heart begins to truly flow for the first time. This New Age work falls into the more recently developing genre of Metaphysical & Visionary Fiction. Like James Redfield's *The Celestine Prophecy* and Paulo Coelho's *The Alchemist*, the subtle--yet powerful--unfolding of this allegorical journey will both captivate and inspire you!

It seems like any other day when Sanders and his band of misfit boys find a foreign woman clinging to life in the wastelands. Oblivious to the weapon they now have in their possession, they are content to harbor the mysterious woman until she is well enough to continue her journey. But when the war spreads its arms and lands on her borrowed doorstep, Shanti has no choice but to reveal her secrets, plunging her saviors into danger. If they band with her, they will face certain death. But to trade her to Xandre, the warlord desperate to add her to his war machine, would be to give up their entire way of life.
