Content Strategy - Moz Content Strategy For Le Content Strategy Wants YOU to Define What It Means For Your Business. In a nutshell, content strategy is the masterplan defining and driving the use of content to achieve your business goals. It's the backbone of your content creation and the marketing efforts that help

[Content Strategy For Le Karen Mcgrane](#)

The first step of developing your content strategy is to identify the goals you're trying to reach through your content or inbound marketing efforts. These goals should be high-level, meaning they should be broad statements or generalities rather than focusing on the fine details. Establish a few goals and build your content around them.

Content strategy – a crazy amalgamation of fundamentals Fundamental One: Users are people too. In my scheme, content is going to be “user-centric.” The term du jour for the environment that the user connects with is “ecosystem.” I'll also be referencing what I call the “mobilized content ecosystem,” which is a construct where the individual has the ability to search, find, access, and use content through multiple channels and across a myriad of platforms onto a host of devices.

share the content you will be ultimately creating. An effective way to do this is to create an editorial calendar. An editorial calendar is like a roadmap for content creation, showing you what kind of content to create, what topics to cover, which personas to target, and how often to publish to best support your inbound marketing strategy.

[A PRACTICAL GUIDE TO BUILDING A KILLER CONTENT STRATEGY](#)

in Content strategy, there is no playbook of generic strat- egies you can pick from to assemble a plan for your client or project. Instead, our discipline rests on a series of core princi- ples about what makes content effective—what makes it work, what makes it good. The first section of this book is organized around these fundamentals.

Content strategy is not planning and it's not execution. Strategy is the process you go through to get to the planning step, which then leads you to execution. It's also not the same as your content marketing strategy and planning. The content strategy should be part of that, but content marketing is broader.

The term 'content strategy' is used to refer to the strategic planning, development, distribution and management of content. It is sometimes used interchangeably with the term 'content marketing', but in reality, it is a distinctive concept, concerned with efficiency, tactics and execution. Indeed, the Content Strategy Alliance defines the basic idea behind content strategy as: “getting the right content to the right user at the right time.”.
