Dance Anatomy Sports Anatomy [EBOOK]

Dance Anatomy features 82 of the most effective dance, movement, and performance exercises, each designed to promote perfect alignment, improved placement, proper breathing, and prevention of common injuries. In stunning detail, the accompanying illustration captures the dancer in motion and highlights the active muscles associated with each movement.

Dance Anatomy (Sports Anatomy): Greene Haas, Jacqui ...

Disappointing. I had bought the Yoga Anatomy, which was beautiful, illuminating and useful. Illustrations are by a medical illustrator so also beautiful. Dance Anatomy is primitively illustrated, limited in body systems and actions it addresses with a not very useful or in-depth narrative. Wouldn't waste my money again.
