6kg Time Care Washing Machine - EWT1066EWW | Electrolux ...

Technically the inlet valves of our machines can handle water up to 65 degrees celsius, however the washing programs do not use hot water constantly. Constant hot water can produce a poor washing result. In addition,our front- and top-loaded machines are specifically designed to be installed using a cold water connection. 2. Why can ' t I find my washing machine on the website? The site only ...

FAQ | Electrolux

I have a 4 year old Electrolux Eco Valve front loading 7kg washing machine. The last few weeks i have had problems where it stops part way through a wash and have noticed it happens at completely different stages and usually involves the drum not going round. I then have to forward it to the end of that wash and turn it off for a few minutes and then start another new wash cycle and it works ...
