Filthy Lucre aims to level the playing field and, in this time of enormous market volatility and unprecedented instability, raise our level of economic literacy. Drawing on everyday examples to skewer the six favourite economic fallacies of the right and then the left, we learn why the right wing so wrongly believes that capitalism is the natural order of things, that any tax cut is a good tax cut, and that personal responsibility can solve any problem.

Filthy Lucre: Economics for People Who Hate Capitalism ...

Initially called Filthy Lucre: Economics for People who Hate Capitalism it is sort of an ex-Marxist's (but still centre-leftist's) appeal for people on the fringe to take a good look at both capitalism and economics in a new light but it works just as well at debunking the fallacies of the conservative/libertarian right, trying to bring confused Atlas Shrugged worshipp

Filthy Lucre: Economics for People Who Hate Capitalism by ...

HarperCollins. ISBN. 978-1-55468-395-6. Filthy Lucre: Economics for People Who Hate Capitalism is a 2009 book by Joseph Heath . The book is organized around twelve fallacies or myths associated with economics, six of which are common on the left, and six of which are common on the right. It considers ideas like that the government should get out of the way of markets; that competition and Adam Smith 's invisible hand improve efficiency; the 'psychopathic' nature of corporations; and the ...

Filthy Lucre: Economics for People Who Hate Capitalism ...

The subject matter for Filthy Lucre is excellent, but firstly: Mr Heath apologizes too much for not being an economist but then writes as if he is an economist - if you're going to write as if an expert, be an expert, perhaps get an economics degree? or stop apologizing.

Economics Without Illusions: Debunking the Myths of Modern ...

He had just turned in the final draft of his upcoming book - Filthy Lucre: Economics for People Who Hate Capitalism (HarperCollins Canada), which sets out to correct widespread fallacies about the capitalist system - when financial markets in the U.S. started to go haywire, rendering the manuscript prematurely obsolete.

Economic disaster for dummies | Quill and Quire

Filthy Lucre aims to level the playing the field in economicsand, in this time of enormous market volatility and unprecedented instability, raise our level of economic literacy. Drawing on everyday examples to skewer the six favourite economic fallacies of the right and then the left, we learn why the right wing so wrongly believes that capitalism is the natural order of things, that any tax cut is a good tax cut, and that personal responsibility can solve any problem.
