This is the story of the Battle of Thermopylae and the Spartans who made their final stand there against the Persians, as transcribed by historian Gobartes at the request of the Persian King Xerxes. Gobartes transcribes the story as dictated by Xeones (Xeo), a wounded Greek whom the Persians discovered on the battlefield. One evening the Greek prisoner is brought before King Xerxes personally.

Gates of Fire puts you at the side of valiant Spartan warriors in 480 BC for the bloody, climactic battle at Thermopylae. There, a few hundred of Sparta ' s finest sacrificed their lives to hold back the invading Persian millions.

NATIONAL BESTSELLER • “ Steven Pressfield brings the battle of Thermopylae to brilliant life. ” —Pat Conroy At Thermopylae, a rocky mountain pass in northern Greece, the feared and admired Spartan soldiers stood three hundred strong. Theirs was a suicide mission, to hold the pass against the invading millions of the mighty Persian army. Day after bloody day they withstood the terrible onslaught, buying time for the Greeks to rally their forces. Born into a cult of spiritual courage, physical endurance, and unmatched battle skill, the Spartans would be remembered for the greatest military stand in history—one that would not end until the rocks were awash with blood, leaving only one gravely injured Spartan squire to tell the tale. . . .

An ambitious, cinematic historical novel chronicles the battle of three hundred Spartan warriors against a huge force of Persian soldiers in 480 B.C. against the background of life in ancient Sparta and its extraordinary culture. Reprint.

Chronicles the battle of three hundred Spartan warriors against a huge force of Persian soldiers in 480 B.C. against the background of life in ancient Sparta and its extraordinary culture.

Go tell the Spartans, stranger passing by, That here, obedient to their laws, we lie. Nearly 2,500 years ago, in 480BC, at a bleak pass in a far-flung corner of eastern Greece, three hundred Spartan warriors faced the army of Xerxe

The Battle of Thermopylae in 480 BC is one of the most famous battles in history. The heroism of the 300 Spartans who opted to remain behind to face the full might of the Persian host while their Greek allies made good their escape has become the stuff of legend. The story still inspires novelists and film-makers today (Frank Miller's fanciful 300 was a huge hit in 2007 and the film rights to Steven Pressfield's more historical novel Gates of Fire were bought by George Clooney, the film expected to finally surface in 2011 or 2012). But what is the truth behind the legends and why was this bloody defeat immediately accorded a halo of glory that has endured for nearly two-and-a-half millennia? Beyond the Gates of Fire brings together experts on the classical period from Australia, New Zealand and the United States to take a fresh look at various aspects of the battle. A substantial introductory section by the editors outlines the background to the conflict as well as the arms, armor and fighting styles of the opposing sides. The following chapters (9 of them) then discuss such questions as whether the defense of the pass really was a suicide mission; the exact topography of the battlefield itself in 480 BC, using the latest geological research and core samples; the impact of the battle on the Greek psyche; commemoration of the war dead; the impact of the original battle on the conduct of later battles in the pass, right up to the German invasion of 1941. For the classical scholar or the general reader whose interest has been piqued by the popular books and films, this book is sure to shed refreshing new light on the most famous last stand in history.

Presents the story of the great Athenian warrior and general Alcibiades, from his great victories on behalf of Athens to his later alliances with Sparta and Persia and his role in the eventual downfall of Athens.

In the Sunday Times bestseller Gates of Fire, Steven Pressfield tells the breathtaking story of the legendary Spartans: the men and women who helped shaped our history and have themselves become as immortal as their gods. 'Breathtakingly brilliant . . . this is a work of rare genius. Savour it!' DAVID GEMMELL 'A tale worthy of Homer, a timeless epic of man and war, exquisitely researched and boldy written. Pressfield has created a new classic' STEPHEN COONTS 'A really impressive book - imaginatively framed, historically detailed and a really gripping narrative' ***** Reader review 'Beautifully written and a great joy to read' ***** Reader review ***** Go tell the Spartans, stranger passing by, That here, obedient to their laws, we lie. 480 BC: At a bleak pass in a far-flung corner of eastern Greece, three hundred Spartan warriors faced the army of King Xerxes of Persia, a massive force rumoured to be over a million strong. Their orders

were simple: to delay the enemy for as long as possible in order to buy time for the main Greek armies to mobilize. For six days the Spartans held the invaders at bay. In the final hours - their shields broken, swords and spears shattered - they fought with their bare hands before being overwhelmed . . . It was battle that would become synonymous with extraordinary courage, heroism and self-sacrifice. It was a battle called Thermopylae.

"Three young Americans smuggle a million hits of LSD into India for Reasons both idealistic and venal . . . sweeping mystical enlightenment, compelling characters... Brilliant writing in this rather spooky and very sexy first novel." - Detroit Free Press

BONUS: This edition contains an excerpt from Steven Pressfield's The Profession. The author of the international bestsellers Gates of Fire and Tides of War delivers his most gripping and imaginative novel of the ancient world—a stunning epic of love and war that breathes life into the grand myth of the ferocious female warrior culture of the Amazons. Steven Pressfield has gained a passionate worldwide following for his magnificent novels of ancient Greece, Gates of Fire and Tides of War. In Last of the Amazons, Pressfield has surpassed himself, re-creating a vanished world in a brilliant novel that will delight his loyal readers and bring legions more to his singular and powerful restoration of the past. In the time before Homer, the legendary Theseus, King of Athens (an actual historical figure), set sail on a journey that brought him into the land of tal Kyrte, the “ free people, ” a nation of proud female warriors whom the Greeks called “ Amazons. ” The Amazons, bound to each other as lovers as well as fighters, distrusted the Greeks, with their boastful talk of “ civilization. ” So when the great war queen Antiope fell in love with Theseus and fled with the Greeks, the mighty Amazon nation rose up in rage. Last of the Amazons is not merely a masterful tale of war and revenge. Pressfield has created a cast of extraordinarily vivid characters, from the unforgettable Selene, whose surrender to the Greeks does nothing to tame her; to her lover, Damon, an Athenian warrior who grows to cherish the wild Amazon ways; to the narrator, Bones, a young girl from a noble family who was nursed by Selene from birth and secretly taught the Amazon way; to the great Theseus, the tragic king; and to Antiope, the noble queen who betrayed tal Kyrte for the love of Theseus. With astounding immediacy and extraordinary attention to military detail, Pressfield transports readers into the heat and terror of war. Equally impressive is his creation of the Amazon nation, its people, its rituals and myths, its greatness and savagery. Last of the Amazons is thrilling on every page, an epic tale of the clash between wildness and civilization, patriotism and love, man and woman.

A band of war-weary soldiers have uncovered a plot that may tear the very fabric of reality forever. To save their own lives and to prevent a long-banished race of monsters from unleashing an army of horrors upon the waking world, they must reach the very heart of Dal Quor. To stop the cataclysm in time, they must fight their way to .
