his illegitimacy. Or it may be the screen of bigotry that a redneck deputy has raised to blunt the awful childhood memory of the day his parents took him to watch a black man being murdered by a gleeful mob. By turns haunting, heartbreaking, and horrifying--and informed throughout by Baldwin's uncanny knowledge of the wounds racism has left in both its victims and its perpetrators--Going to Meet the Man is a major work by one of our most important writers.

In James Baldwin ' s classic short story, “ The Outing, ” from Going to Meet the Man, a Harlem church group escapes the city for a summer day-trip of prayer and, more importantly, romance. Every summer, the Harlem Mount of Olives Pentecostal Assembly gives an outing, around the Fourth of July. There is boating, testifying, and illicit steps towards young love. Delving deeply into the church community he would depict in Go Tell It On The Mountain, this is Baldwin at his most compassionate, investigating the sexual ambivalence and towering religion of a group of young children on their way up the Hudson. “ The Outing ” is the perfect introduction to an American master. A Vintage Shorts “ Short Story Month ” Selection James Baldwin ' s commanding prose remains as pressing in its compassionate portrayal of marginalized figures today as it was during the peak of the Civil Rights Movement. In “ Come Out the Wilderness, ” an essential and tremendous classic of American literature, Baldwin unmaskes the heartbreak of one African American woman ' s spiritual, sexual, moral, and ultimately futile struggle for control of her future and her happiness in mid-century New York. An ebook short.

In one of the greatest American classics, Baldwin chronicles a fourteen-year-old boy's discovery of the terms of his identity. Baldwin's rendering of his protagonist's spiritual, sexual, and moral struggle of self-invention opened new possibilities in the American language and in the way Americans understand themselves. With lyrical precision, psychological directness, resonating symbolic power, and a rage that is at once unrelenting and compassionate, Baldwin tells the story of the stepson of the minister of a storefront Pentecostal church in Harlem one Saturday in March of 1935. Originally published in 1953, Baldwin said of his first novel, "Mountain is the book I had to write if I was ever going to write anything else." “ With vivid imagery, with lavish attention to details ... [a] feverish story. ” —The New York Times

"Tish and Fonny have pledged to get married, but Fonny is falsely accused of a terrible crime and imprisoned. Their families set out to clear his name, and as they face an uncertain future, the young lovers experience a kaleidoscope of emotions -- affection, despair, and hope."--Page 4 of cover

All the grief, grit, and unassailable dignity of the civil rights movement are evoked in this illustrated edition of James Baldwin's The Fire Next Time, with photographs by Steve Schapiro. Together, Baldwin's frank account of the black experience and Schapiro's vital images offer poetic and potent testimony to one of the most important...

'Few, it seems to me, have driven their words with such passion' Guardian How our earliest experiences can shape our destiny is the theme that runs like a thread of revelation through these extraordinary stories. They explore the roots of love, of murder and of racial conflict, from the child in 'The Rockpile' who can never be forgiven by his God-fearing father for his illegitimacy to the loneliness of a young black girl in love with a white man who, she knows, will leave her in 'Come

'Out of the Wilderness' and the horrifying story of the initiation of a racist as a man remembers his parents taking him to see the mutilation and murder of a black man in 'Going to Meet the Man'. In them Baldwin unlocks the concepts of history and prejudice and probes beneath the skin to the soul.

An extraordinary history of the turbulent sixties and early seventies that displays James Baldwin's fury and despair more deeply than any of his other works, and powerfully speaks to contemporary conversations around racism. "It contains truth that cannot be denied." — The Atlantic Monthly In this stunningly personal document, James Baldwin remembers in vivid details the Harlem childhood that shaped his early consciousness and the later events that scored his heart with pain—the murders of Martin Luther King and Malcolm X, his sojourns in Europe and in Hollywood, and his return to the American South to confront a violent America face-to-face.

A collection of stories penned by one of the greatest African-American writers of the postwar era includes such works as Go Tell It on the Mountain, Giovanni's Room, Another Country, and Going to Meet the Man.
