Individualism and Economic Order F.A. Hayek First Edition ...
Two-axis political spectrum chart with an economic axis and a socio-cultural axis, and ideologically representative colors. Individualism is the moral stance, political philosophy, ideology, or social outlook that emphasizes the moral worth of the individual. Individualists promote the exercise of one's goals and desires and so value independence and self-reliance and advocate that interests of the individual should achieve precedence over the state or a social group, while opposing external ...
