What would it feel like if you realized that from the very beginning, you were designed to look for, to find, and to receive God? That you were designed to awaken to reality? How would it feel to know that this would definitely happen in your lifetime, because you were made to accomplish this very thing? Rather than encouraging us to seek God, Jason Shulman believes we need only make ourselves available to receive God, who is always present and awaiting us. In *The Instruction Manual for Receiving God*, you will encounter the presence of God through 108 seed passages –profound and insightful statements that are meant to unlock your mind and open your heart. Shulman offers generous reflection of each seed passage, illuminating the depth and meaning of its precious message. Reading this book is like entering a personal sanctuary where you will: Experience complete liberation—the act of being truly human Feel the constant rain of compassion washing over your spiritual life and receive the sacred blessings that are endlessly offered by reality itself Learn practical ways to connect to the Divine each and every day Here, Jason Shulman offers contemplations that access the reality of God, who is always knocking at the door of our hearts, and whose voice is always speaking. Whether read cover-to-cover or opened to a random verse for inspiration, *The Instruction Manual for Receiving God* is a book readers of all faiths will cherish and return to time and again.

Discrete-trials teaching, or DTT, is a very important teaching technique developed by behavior analysts. The DTT Manual has taught numerous groups of individuals to conduct DTT with children with autism in as quickly as 6 hours. The manual is the product of the joint work of Dr. Daniela Fazzio, PhD, BCBA-D and Dr. Garry L. Martin, PhD, Distinguished Professor of Psychology. The manual addresses an area of much need in the field of autism treatment; effective and efficient training for parents and professionals. It was written with them in mind and it has been empirically tested several times, with several university students, paraprofessionals, and parents. It will be easy to navigate for individuals with a high school diploma, regardless of any prior experience in psychology or special education.

Technology has revolutionised every aspect of our lives and how we learn is no exception. The trouble is; the range of elearning technologies and the options available can seem bewildering. Even those who are highly experienced in one aspect of elearning will lack knowledge in some other areas. Edited by Rob Hubbard and featuring chapters written by global elearning experts: Clive Shepherd, Laura Overton, Jane Bozarth, Lars Hyland, Rob Hubbard, Julie Wedgwood, Jane Hart, Colin Steed, Clark Quinn, Ben Betts and Charles Jennings - this book is a practical guide to all the key topics in elearning, including: getting the business on board, building it yourself, learning management, blended, social, informal, mobile and game-based learning, facilitating online learning, making the most of memory and more.

"The Astronaut Instruction Manual is a fantastic and vibrant preparatory guide for today's youth – whether their futures are off in space or right here...on Earth." – Lori Garver, Former NASA Deputy Administrator Endorsed by authors, teachers, and congressman alike, Mike Mongo's Astronaut Instruction Manual excites a new generation of space explorers. The book, designed for children between the ages of 6 and 13, is a functioning, interactive instruction manual. Using mad-lib-style fill-in-the-blanks, Mongo encourages his readers to articulate and illustrate their own vision of next-generation space travel. The Astronaut Instruction Manual captures a new era of enthusiasm for space exploration, driven in part by new space celebrities (Commander Chris Hadfield, Elon Musk), and in part by a shift in popular interest in space (SpaceX rockets, The Mars Colonial Transporter, Kerbal).
