Iran's Ancient History

Iran, or Persia as it was formerly known, has been of interest to outsiders for millennia. From the Greco-Persian wars of antiquity, through the rise and flourishing of Islam, to the age of European imperialist expansion in the East, Iran has been a central player in global history. Drawn by its strategic location along the Silk Road, ancient and distinctive culture and abundant natural resources, foreign diplomats, traders and travelers have been coming to Iran for centuries. The Islamic Revolution of 1979 and subsequent events put a strain on Iran's relationship with the outside world, particularly the West, leading to sanctions and a decline in tourism and trade. Yet early in 2016 the Lausanne Accord over Iran's nuclear program, and then national elections resulting in greater reformist representation in Iran's Parliament have greatly increased the country's attractiveness to outsiders, with travelers and business people once more setting their sights on Iran. The Guide offers visitors to Iran scholarly and readable introductions to: * Zoroaster, Cyrus, Darius & Alexander * Shi'a Islam, religious art and architecture * The complexities of Iran's fraught relationship with Israel * Persepolis, Pasargdae, Esfahan & Shiraz * Ferdowsi, Attar and Hafez * Iranian film, food & music * UNESCO World Heritage sites * 464 pages, 133 color photos * 17 easy-to-use maps

Iran's Ancient History

A stunning guide, packed with history, that no visitor to Iran should be without.--Christina Lamb, foreign affairs correspondent, Sunday Times [London]

In recent years, Iran has gained attention mostly for negative reasons--for its authoritarian religious government, disputed nuclear programme, and controversial role in the Middle East--but there is much more to the story of this ancient land than can be gleaned from the news. This ... history of Iran ... covers the entire history of the area from the foundation of the ancient Persian Empire to today's Iranian state. Writing from an Iranian rather than a European perspective, Katouzian integrates the significant cultural and literary history of Iran with its political and social history. Some of the greatest poets of human history wrote in Persian--among them Rumi, Omar Khayyam, and Saadi--and Katouzian discusses and occasionally quotes their work.... Katouzian argues that the absolute and arbitrary power traditionally enjoyed by Persian/Iranian rulers has resulted in an unstable society where fear and short-term thinking dominate.

Iran's Ancient History

Food of Life: Ancient Persia and Modern Iranian Cooking and Ceremonies by Najmieh Batmanglij provides a treasure trove of recipes, along with an immersive cultural experience for those seeking to understand this ancient and timeless cuisine. This edition is a more user-friendly edition of the award-winning and critically acclaimed cookbook series which began in 1986. Food of Life provides 330 classical and regional Iranian recipes as well as an introduction to Persian art, history, and culture. The book's hundreds of full color photographs are intertwined with descriptions of ancient and modern Persian ceremonies, poetry, folktales, travelogue excerpts and anecdotes. The book began in exile after the Iranian Revolution of 1979 as a love letter to Batmanglij's children. Today, as accomplished adults in their own fields, her two sons, Zal and Rostam, encouraged her to redesign the book for their generation. Food of Life propels Persian cooking into the 21st Century, even as it honors venerable traditions and centuries of artistic expression. It is the result of 30 years of collecting, testing and adapting authentic and traditional Persian recipes for the American kitchen. Most of its ingredients are readily available throughout the U.S. enabling anyone from a master chef to a novice to reproduce the refined tastes, textures, and beauty of Persian cuisine. Food-related pieces from such classics as the 10th century Book of Kings, and 1,001 Nights to the miniatures of Mir Mosavvar and Aq Mirak, from the poetry of Omar Khayyam and Sohrab Sepehri to the humor of Mulla Nasruddin are all included. Each recipe is presented with steps that are logical and easy to follow.

Iran's Ancient History

For thousands of years Iran, or Persia as it was known, was a melting pot of civilizations. Persia was the centre of the world's first empire. Subsequent invasions provided a rich culture and history which is described in this volume.'
