Wall, the Israeli Museum, the Dead Sea, the Red Sea, and Masada. Many holidays and traditions that are unique to the Jewish community are also covered, such as making hamantaschen for Purim.

A controversial, award-winning story about the passionate but untenable affair between an Israeli woman and a Palestinian man, from one of Israel’s most acclaimed novelists When Liat meets Hilmi on a blustery autumn afternoon in Greenwich Village, she finds herself unwillingly drawn to him. Charismatic and handsome, Hilmi is a talented young artist from Palestine. Liat, an aspiring translation student, plans to return to Israel the following summer. Despite knowing that their love can be only temporary, that it can exist only away from their conflicted homeland, Liat lets herself be enraptured by Hilmi: by his lively imagination, by his beautiful hands and wise eyes, by his sweetness and devotion. Together they explore the city, sharing laughs and fantasies and pangs of homesickness. But the unfettered joy they awaken in each other cannot overcome the guilt Liat feels for hiding him from her family in Israel and her Jewish friends in New York. As her departure date looms and her love for Hilmi deepens, Liat must decide whether she is willing to risk alienating her family, her community, and her sense of self for the love of one man. Banned from classrooms by Israel’s Ministry of Education, Dorit Rabinyan’s remarkable novel contains multitudes. A bold portrayal of the strains—and delights—of a forbidden relationship, *All the Rivers* (published in Israel as *Borderlife*) is a love story and a war story, a New York story and a Middle East story, an unflinching foray into the forces that bind us and divide us. “The land is the same land,” Hilmi reminds Liat. “In the end all the rivers flow into the same sea.” Praise for *All the Rivers* “Rabinyan’s book is a sort of *Romeo and Juliet*, a forbidden love affair between a Jewish girl from Tel Aviv and a Palestinian boy from Hebron. . . . [A] beautiful novel.”—*The Guardian* “A fine, subtle, and disturbing study of the ways in which public events encroach upon the private lives of those who attempt to live and love in peace with each other, and, impossibly, with a riven and irreconcilable world.”—John Banville, Man Booker Prize–winning author of *The Sea* “I’m with Dorit Rabinyan. Love, not hate, will save us. Hatred sows hatred, but love can break down barriers.”—Svetlana Alexievich, winner of the Nobel Prize for Literature “Astonishing . . . [a] precise and elegant love story, drawn with the finest of lines.”—Amos Oz “Rabinyan’s writing reflects the honesty and modesty of a true artisan.”—*Haaretz* “Because the novel strikes the right balance between the personal and the political, and because of her ability to tell a suspenseful and satisfying story, we decided to award Dorit Rabinyan’s [*All the Rivers*] the 2015 Bernstein Prize.”—From the 2015 Bernstein Prize judges’ decision “[*All the Rivers*] ought to be read like J. M. Coetzee or Toni Morrison—from a distance in order to get close.”—Walla! “Beautiful and sensitive . . . a human tale of rapprochement and separation . . . a noteworthy human and literary achievement.”—Makor Rishon “A captivating (and heartbreaking) gem, written in a spectacular style, with a rich, flowing, colorful and addictive language.”—Motke “A great novel of love and peace.”—*La Stampa* “A novel that truly speaks to the heart.”—*Corriere della Sera*

Kar-Ben Read-Aloud eBooks with Audio combine professional narration and text highlighting to bring eBooks to life! Blue and white are not the only colors of Israel! This book by author/photographer Rachel Raz (ABC Israel) showcases the many vibrant and beautiful colors of the land of Israel, from the red double-decker train in Akko to the white dome of the Shrine of the Book, from pink postage stamps to orange beach umbrellas in Tel Aviv. *The Colors of Israel* includes the English, Hebrew, and transliterated words for all the colors along with beautiful color photographs.

In July 2018, Israel's Knesset approved the Nation-State Bill, a controversial piece of legislation, both at home and abroad, which declared Israel a sovereign state for the Jewish people. It followed US President Donald Trump's 2017 decision to relocate the United States embassy from Tel Aviv to Jerusalem. Both events provoked consternation and scorn from many countries, and offer the latest twists in the Israeli-Palestinian saga: two peoples on an everlasting - and seemingly irreconcilable - path to peace. *Israel and Palestine: The Complete History* seeks to explain the overall story of Israeli and Palestinian tensions and divisions in the region. Indeed, without properly understanding the full history of the area, it is impossible to understand the current situation. In this book, author Ian Carroll takes the listener back to the very beginning of the conflict some 4,000 years ago, then moves through the major events of the Middle Ages and 20th century, and brings us right up to the present day, documenting the significant events that have happened along the way. The listener is allowed to make up their own mind as to where praise and condemnation belong with this complicated issue.
