In the 1980s LeBlond had tried to produce their lathes, particularly the lighter
"Regal" models, all (or in part) at a low-cost plant in Singapore. This was the last
gasp for the company and, when the new Japanese owners, Makino, had finished with
them, they had built their last proper engine lathes. Unfortunately the patterns, core
boxes, jigs and fixtures had all been shipped to Singapore ...

~~LeBlond Regal Lathes~~

Although late-model LeBlond Regal lathes all shared the same basic design
(regardless of capacity), there were two types of headstock spindle-speed selection:
a standard type with four levers and a "Servo-shift" model with speeds pre-selected
and changed automatically by hydraulics.

~~LeBlond Regal Lathes 1950s to 1980s~~

LeBlond Regal lathes are vintage machines but can still function as a workhorse in
your machine shop if supported properly. A Regal might not be as valuable as a
classic, rare comic but it can be equal a thing of beauty when outfitted with new OEM
LeBlond Regal parts to keep it cutting and turning like a champion.

~~LeBlond Regal Parts Are Affordable & Available | LeBlond Ltd.~~

LeBlond built the Roundhead Regal lathes in 13", 15", 19" and larger swings. There
were two styles or versions of the Roundhead lathes- if the swing was cast on the
headstock (a number such as "13", "15", etc), the lathe was designated as a "trainer"
model.

So, if you're looking for a reliable, durable manual lathe, go with a LeBlond for their
LeBlond Regal parts support. If you're like me and struggle with paper, trust LeBlond
who can reproduce records as far back as the 1940's. "If they can support a machine
that long ago, it speaks to the quality of [LeBlond's] machines," Amos said.
