Describing the structures, processes and activities of South African local government, this edition aims to be a working manual of relevance and practical use in local government administration and service delivery.

This book tells a fascinating story on municipal finances for local government practitioners with rich examples, global practices, and good and bad experiences the authors gained in decades of field work.

"Comprehensive in its scope and scale, rigorously argued and richly illustrated with wide-ranging examples, this clearly written and user-friendly book from a veteran commentator on international communication will be valuable for students and scholars. Strongly recommended." - Daya Thussu, Professor of International Communication, University of Westminster Global Communication explores the history, present and future of global communication, introducing and explaining the theories, stories and flows of information and media that affect us all. Based on his experience teaching generations of students to critically examine the world of communication around them, Cees Hamelink helps readers understand the thinkers, concepts and questions in this changing landscape. This book: Explores the cultural, economic, political and social dimensions and consequences of global communication Introduces the key thinkers who have been inspirational to the field Teaches you to master the art of asking critical questions Takes you through concrete cases from UN summits to hot lines and cyber-surveillance Boosts your essay skills with a guided tour of the literature, including helpful comments and recommendations of what to cite Brings you directly into the classroom with a series of video lectures This book guides students through the complex terrain of global communication, helping you become a critically informed participant in the ever-changing communication landscape. It is essential reading for students of communication and media studies.

In *Mastering Public Administration*, each chapter spotlights a significant theorist in the field, covering his/her life, research, writings, and impact, introducing the discipline's most important scholarship in both a memorable and approachable manner. The combination of biographical narrative with explanation and analysis makes abstract theories understandable while showing how subject scholars relate to each other in their work, providing much needed context. The book's chronological organization shows the evolution of public administration theory over time. With the new edition, the authors will be adding mini-chapters that link contemporary scholars and their research to the seminal literature.

First published in 2003. Routledge is an imprint of Taylor & Francis, an informa company.
