Mission Statement. The Neshaminy community builds futures by empowering each child to become a productive citizen and a lifelong learner.

Each packet is devoted to a particular sport or athletic activity ; designed to provide activities for students who may not be able to participate in physical education class.

Each packet is devoted to a particular sport or athletic activity ; designed to provide activities for students who may not be able to participate in physical education class.

This book presents a breakthrough achievement-based curriculum (ABC) model designed to guide physical educators step-by-step through the process of translating curriculum theory into functional practice. The ABC approach provides curriculum designers with a systematic decision-making process for developing a curriculum that addresses unique and diverse needs. And it allows designers to incorporate national, state, and local content and assessment standards in their curricula. The book takes teachers through every phase of curriculum design: foundational understanding of design, development, implementation, and evaluation. Further, it shows teachers how to document that their curriculum is working—a valuable asset in an era of budget cuts. Other outstanding features include: Opening Scenario, Expected Outcomes, and Making It Work special elements in each chapter to help future teachers understand how to apply the book's content in school settings; instruction on implementing the curriculum and sharing it with others; strategies for planning, implementing, and evaluating a curriculum and establishing credibility for it; emphasis on student achievement as an indicator of a quality physical education program; forms and worksheets (completed examples and blanks) that give future teachers a hands-on approach to developing, assessing, and revising a curriculum.

Dynamic Physical Education for Secondary School Students provides PETE students a solid conceptual foundation for creating healthy learning environments and quality physical education programs. This resource offers a wide variety of units and activities that enhance learning.

A content reading methods text that takes a quick start, heuristic approach to imparting the skills future teachers need to improve their pupils' reading ability in essential content areas. Coverage of current theories and practices in comprehension, assessment and heuristics is organized around pre-reading, guided silent reading, and post-reading.

This physical education curriculum guide for kindergarten through twelfth grade has two main components. The first is a program overview that includes information relating to program organization and implementation for early, middle, and senior grades. The second section contains suggested activities and teaching notes for realizing specific program objectives. The overall goals are that students should: (1) develop physical wellbeing; (2) develop desired movement patterns through the neuromuscular system; (3) express ideas, thoughts, and feelings with confidence through physical activity; (4) develop independence in pursuing physical activity throughout life; (5) develop safety and survival practices; and (6) develop positive social interactions through a variety of physical activities. These goals remain constant throughout the entire program, although the objectives which prepare students to reach the goals vary according to stages of maturation and learning. Developmental characteristics, time allotments, lesson plans, activities, class organization, and evaluation methods are outlined for early, middle, and senior grades. Appendixes contain an equipment list, a safety checklist, a sample lesson plan, a discussion of legal liability, and a bibliography. (JD)

4th-7th eds. contain a special chapter on The role and function of the thesaurus in education, by Frederick Goodman.

Effective Physical Education Content and Instruction offers evidence-based, teacher-tested methods for teaching physical education. A companion web resource houses printable content maps and other supplemental materials to enhance your teaching.
