Each chapter gives a list of words to learn but even here, it need not be by rote. With each word goes a mnemonic. ballw(ballo) means 'I throw' and alongside this is given 'ballistic' as an aid to memory. Likewise, esqiw(esthio) means 'I eat' and alongside we are given 'comestibles'.

A step-by-step guide to New Testament Greek written for the needs of twenty-first century students.

This text presents 44 lessons and many exercises that introduce the elements of Greek essential to theological students reading the New Testament (in Greek). The vocabulary (glossary) is of particular use, including every word which appears more than 30 times in the New Testament.

The Rev. John Wenham has undertaken this task with infinite care & with immeasurable success. We salute the memory of Nunn; but we warmly welcome the era of Wenham. The Churchman.

This in-depth yet student-friendly introduction to Koine Greek provides a full grounding in Greek grammar, while starting to build skill in the use of exegetical tools. The approach, informed by twenty-five years of classroom teaching, emphasizes reading Greek for comprehension as opposed to merely translating it. The workbook is integrated into the textbook, with exercises appearing within each chapter rather than pushed to the end or located in a separate book. This enables students to practice concepts as they encounter them in the chapter--ideal for distance learning or studying beyond the traditional classroom. The book covers not only New Testament Greek but also the wider range of Bible-related Greek (LXX and other Koine texts). It introduces students to reference tools for biblical Greek, includes tips on learning, and is supplemented by robust web-based resources through Baker Academic's Textbook eSources. Resources for students include flash cards and audio files. Resources for professors include a test bank and an instructor's manual.

Helps post-beginner-level students to read substantial extracts from the New Testament in Greek.

A Practical Guide for Students and Pastors. 'Using New Testament Greek in Ministry' focuses on the transformation of exegesis into exposition, of studies into sermons. To prepare students toward this end, David Alan Black explains the process of using the Greek text and linguistic resources to study the New Testament and he recommends a basic library of reference books.
