A fascinating, clairvoyant look at the emotional energy field that surrounds each person. Nineteen color plates show changes in the field as people age or during times of illness. A fresh view of the subtle aspects of the human constitution, which usually are hidden from most of us.

With a forward by Dolores Krieger, Ph.D., R.N., and author of *Therapeutic Touch*, Dora Kunz, codeveloper of the healing method of *Therapeutic Touch*, presents the thoughts of physicians and other healers on the spiritual dimensions of medical treatment. In this updated version of a classic among holistic health manuals, accomplished healers including Bernie Siegel, M.D., and Larry Dossey, M.D., reveal their transcendent techniques for treating the whole patient, not just the patient's symptoms. In the new chapter on pain reduction, Kunz and Dr. Erik Peper, director of the Biofeedback and Family Therapy Institute in San Francisco, present step-by-step therapy for emotional pain, acute and chronic physical pain, and the malignant pain of the dying patient. All six parts of their well-known paper "Fields and their Clinical Implications" are included. Healing for the healer is also addressed with specific suggestions that help physicians and others sustain centeredness when treating patients in pain.

During years of research and practice, Krieger and her mentor--the late medical intuitive and clairvoyant, Kunz--found illness to be caused by energy imbalance. This guide teaches readers to rebalance the body's energy through touch, visualization, and a spiritual acceptance.

Born on a sugar plantation in Java at the turn of the 20th century, psychic, alternative healer, and writer Dora van Gelder Kunz was to become one of the most unique and unforgettable women of her age. This biography traces her life from her signs of clairvoyant ability in early childhood through her pioneering development, with Delores Krieger, of *Therapeutic Touch*;

her presidency of the Theosophical Society in America; and, finally, her death at ninety-five. Among her several seminal books in the genre of modern esoteric literature are *The Real World of Fairies*, *The Personal Aura*, and *Spiritual Healing*. Those who knew Dora were captivated by her blunt honesty, tremendous perception, deep compassion, and infinite capacity for hilarity. As this book lovingly chronicles, hers was indeed a most unusual life.

A presentation of experimental evidence that illness can be seen in the subtle energy fields of the body. Fascinating case studies of actual patients show that clairvoyant observation can diagnose disease and even reveal potential illness before it manifests in physical symptoms. The key to health and disease lies in the dynamic interaction between the body's physical, emotional, and mental fields and universal energy fields. Understanding this interaction can help us alter our energy patterns in the direction of better health. Includes a full-color foldout diagram of the chakra system.

The Real World of Fairies is a privileged glimpse into a joyous, animated universe. Dora's enchanting vision of her encounters with the fairy realm delights the child in us, while it excites our grown-up imagination, rekindles our creative energy, and deepens our sense of connection with nature. This new edition features a foreword by Celtic folk expert Caitlin Matthews. Caitlin's personal experiences and deep knowledge of the fairy world resonate brilliantly with Dora's, adding a fresh perspective for contemporary readers.

A complete guide to the practice of Aura-Soma color therapy • Includes illustrated descriptions of all 104 Aura-Soma Equilibrium bottles • Shows how colors reveal our connection to the living energies around us and our possibilities for growth in consciousness • Explores the 30 related fragrances that protect the aura and align the individual with specific energies

Aura-Soma is an innovative approach to soul therapy that relies on bottles of dual-colored liquids, known as Equilibrium bottles, that incorporate plant extracts, essential oils, and the energies and extracts of precious and semiprecious stones. The energetic properties found in the liquids interact with the individual's aura to help support balance in the body, mind, and spirit. In *The Aura-Soma Sourcebook* authors Mike Booth and Carol McKnight detail the origins, holistic understanding, and consciousness-mirroring effects of each of the 104 equilibrium combinations. The practice of Aura-Soma is initially based on a person's selection of four Equilibrium bottles. The choice of bottles and the sequence in which they are chosen provide keys to understanding past difficulties and mirror the need and potential for growth in one's consciousness. The book includes full-color spreads that juxtapose the colors of the bottle with dramatic photographs that depict the energetic essence of each bottle and that evoke the healing energy of the natural environment. The authors also explain where to apply the essences, which chakra in the subtle anatomy will be affected, and what areas of personal growth can be addressed.

Learn to perceive and partake in the work of the dynamic, unseen forces and forms which surround us and propel us toward our own human evolutionary potentials.
