The pocket in question is a small pocket of resistance. A pocket is formed when two or more people come together in agreement. The resistance is against the inhumanity of the New World Economic Order. The people coming together are the reader, me, and those the essays are about—Rembrandt, Paleolithic cave painters, a Romanian peasant, ancient Egyptians, an expert in the loneliness of a certain hotel bedroom, dogs at dusk, a man in a radio station. And unexpectedly, our exchanges strengthen each of us in our conviction that what is happening in the world today is wrong, and that what is often said about it is a lie. I've never written a book with a greater sense of urgency. —John Berger

As a novelist, art critic, and cultural historian, Booker Prize-winning author John Berger is a writer of dazzling eloquence and arresting insight whose work amounts to a subtle, powerful critique of the canons of our civilization. In *About Looking* he explores our role as observers to reveal new layers of meaning in what we see. How do the animals we look at in zoos remind us of a relationship between man and beast all but lost in the twentieth century? What is it about looking at war photographs that doubles their already potent violence? How do the nudes of Rodin betray the threats to his authority and potency posed by clay and flesh? And how does solitude inform the art of Giacometti? In asking these and other questions, Berger quietly -- but fundamentally -- alters the vision of anyone who reads his work.

The writing career of Booker Prize winner John Berger—poet, storyteller, playwright, and essayist—has yielded some of the most original and compelling examinations of art and life of the past half century. In this essential volume, Geoff Dyer has brought together a rich selection of many of Berger's seminal essays. Berger's insights

make it impossible to look at a painting, watch a film, or even visit a zoo in quite the same way again. The vast range of subjects he addresses, the lean beauty of his prose, and the keenness of his anger against injustice move us to view the world with a new lens of awareness. Whether he is discussing the singleminded intensity of Picasso's Guernica, the parallel violence and alienation in the art of Francis Bacon and Walt Disney, or the enigmatic silence of his own mother, what binds these pieces throughout is the depth and fury of Berger's passion, challenging us to participate, to protest, and above all, to see.

"'The Story of Frontier Religion' could have been told in a great many ways, many of them dull. Here, however, inter-pretative matter has been kept to a minimum and source material selected with an unerring sense of humor. . . . There are chapters on the styles of preaching and of praying, the phenomena of revivalism, the church as a disciplinary force, frauds and 'bad men' who preached, scoffers and trouble-makers, the fiercely jocular competition among the various sects, and the hard lot of circuit ministers."--Virginia Kirkus' Bulletin "This is an admirable piece of research, unpedantic but authentic, packed with entertaining anecdotes (some of them hilarious) based on obscure pastoral autobiographies, the diaries of early missionaries, the minutes of church court trials, and other curious source materials. . . . A unique book."--Chicago Sunday Tribune Ross Phares has written widely for magazines and is the author of several books.

When he stands before Giorgione's La Tempesta, Booker Prize-winning author John Berger sees not only the painting but our whole notion of time, sweeping us away from a lost Eden. A photograph of a gravely joyful crowd gathered on a Prague street in November 1989 provokes reflection on the meaning of democracy and the reunion of a people with long-banished hopes and dreams. With the luminous essays in Keeping a Rendezvous, we are given to see the world as Berger sees it -- to explore themes suggested by the work of Jackson Pollock or J. M. W. Turner, to contemplate the wonder of Paris. Rendezvous are manifold: between critic and art, artist and subject, subject and the unknown. But most significant are the rendezvous between author and reader, as we discover our perceptions informed by Berger's eloquence and courageous moral imagination.

The celebrated author of such works as To the Wedding continues his exploration of the relationship between experience and expression, tracing the stories behind works of visual art including the mythological sketchbooks of philosopher Baruch Spinoza to counsel readers on alternate ways of seeing the world.

With this provocative and infinitely moving collection of essays, a preeminent critic of our time responds to the profound questions posed by the visual world. For when John Berger writes about Cubism, he writes not only of Braque, Léger, Picasso, and Gris, but of that incredible moment early in this century when the world converged around a marvelous sense of promise. When he looks at the Modigliani, he sees a man's infinite love revealed in the elongated lines of the painted figure. Ranging from the Renaissance to the conflagration of Hiroshima; from the Bosphorus to Manhattan; from the woodcarvers of a French village to Goya, Dürer, and Van Gogh; and from private experiences of love and of loss to the major political upheavals of our time, *The Sense of Sight* encourages us to see with the same breadth, courage, and moral engagement that its author does.
