This lively introduction to theatre offers equal measures of appreciation of theatrical arts, history of performance, and descriptions of the collaborative theatrical crafts. The author's enthusiasm for and knowledge of the current theatre, highlighted by contemporary production shots from around the world, put the students in the front row. The text includes extensive excerpts from seven plays: Prometheus Bound, Oedipus Tyrannos, The York Cycle, Romeo and Juliet, The Bourgeois Gentleman, The Three Sisters, and Happy Days.

In its outstanding eighth edition, Theatre: The Lively Art remains the best-selling Introductory Theatre text for Theatre Appreciation courses. It incorporates a number of elements in one volume: An introduction to the audience's experience of theatre An investigation of the elements of theatre: the audience; the text; theatre artists, including actors, directors, theatrical space; and scenic, costume, lighting and sound design A study of the important developments in the history of theatre Several qualities set Theatre: The Lively Art apart from other introductory texts. A particularly important element is our emphasis on the audience. All students reading the book are potential theatregoers, not just during their college years but throughout their lives. We have therefore attempted to make Theatre: The Lively Art an ideal one-volume text to prepare students as future audience members. It will give them a grasp of how theatre functions, of how it should be viewed and judged, and of the tradition behind any performance they may attend. In addition to serving as an ideal text for non-majors, Theatre: The Lively Art will also prepare students who wish to continue studies in theatre, as majors, minors, or students from other disciplines who take advanced courses.

Consistently praised as streamlined and clear and student friendly, THEATRE: A WAY OF SEEING offers the beginning theatre student an exciting, full-color introduction to all aspects of theatre. It presents the experience of theatre, who sees it, what is seen, and where and how it is seen largely from the viewpoint of audiences exposed to a complex, living art that involves people, spaces, plays, designs, staging, forms, language, and productions. The book includes the appropriate coverage of the history, diversity, and most critical moments in theatre in a way that encourages students to experience theatre as a performing art and humanistic event. "Working On A Song is one of the best books about lyric writing for the theater I've read."—Lin-Manuel Miranda Ana's Mitchell named to TIME's List of the 100 Most Influential People in the World of 2020 An illuminating book of lyrics and stories from Hadestown—the winner of eight Tony Awards, including Best Musical—from its author, songwriter Ana's Mitchell with a foreword by Steve Earle On Broadway, this fresh take on the Greek myth of Orpheus and Eurydice has become a modern classic. Heralded as "The best new musical of the season," by The Wall Street Journal, and "Sumptuous. Gorgeous. As good as it gets," by The New York Times, the show was a breakout hit, with its poignant social commentary, and spellbinding music and lyrics. In this book, Ana's Mitchell takes readers inside her more than decade's-long process of building the musical from the ground up—detailing her inspiration, breaking down the lyrics, and opening up the process of creation that gave birth to Hadestown. Fans and newcomers alike will love this deeply thoughtful, revealing look at how the songs from "the underground" evolved, and became the songs we sing again and again.

This volume presents the proceedings of the 12th International Conference on the Design of Cooperative Systems (COOP 2016). The conference is a venue for multidisciplinary research contributing to the design, assessment and analysis of cooperative systems and their integration in organizations, public venues, and everyday life. COOP emerged from the European tradition of Computer Supported Cooperative Work (CSCW) and Cognitive Ergonomics. A collection of 22 papers and 4 workshop overviews are presented, reflecting the variety of research activities in the field of the design of cooperative systems with a special emphasis on "Making Together" This collection offers a broad vision of collective working practices and cooperative design, embracing the idea that design requires a deep understanding of collective activities, involving both artefacts and social practices within a context. The result is a rich and articulated debate that widens the design space towards the exploration of a variety of forms of participation and engagement in collaborative system design. Experienced researchers, academics, designers and practitioners who are interested in collaborative design theory and methods would be interested in the state of the art research and case studies this collection provides.

A Christmas Carol in Prose, Being a Ghost Story of Christmas, usually known just as A Christmas Carol is a fairy-tale novel by a British classic Charles Dickens, that was published in 1843. It consists of five chapters, or staves as the author named them. Among all the stories from Christmas Books by Dickens this one became the most popular story about Christmas in Great Britain and outside the country. The main character is an old gloomy miser Ebenezer Scrooge, who doesn't love anyone or anything except his money. He doesn't understand why everybody is so happy about Christmas and with disgust, refuses the invitation from his kind nephew to celebrate this holiday together with his family. On Christmas Eve, the ghost of his former business partner Jacob Marley appeared in front of Scrooge, and it changed him drastically...
