~~The Well of Loneliness, first published in 1928, is a timeless portrayal of lesbian love. The thinly disguised story of Hall's own life, it was banned outright upon publication and almost ruined her literary career as the subject was that of an obscenity trial and forbidden at the time in England. The novel tells the story of Stephen, an ideal child of aristocratic parents—a fencer, a horse rider and a keen scholar. Stephen grows to be a war hero, a bestselling writer and a loyal, protective lover. But Stephen is a woman, and is attracted to women. As her ambitions drive her, and society incarcerates her, Stephen is forced into desperate actions. Although Gordon's attitude toward her own sexuality is anguished, the novel presents lesbianism as natural and makes a plea for greater tolerance. It became an international bestseller, and for decades was the single most famous lesbian novel.~~

~~This early work by Radclyffe Hall was originally published in 1928 and we are now republishing it with a brand new introductory biography. 'The Well of Loneliness' is a novel that follows an upper-class Englishwoman who falls in love with another woman while serving as an ambulance driver in World War I. Marguerite Radclyffe Hall was born on 12th August 1886, in Bournemouth, England. Hall's first novel The Unlit Lamp (1924) was a lengthy and grim tale that proved hard to sell. It was only published following the success of the much lighter social comedy The Forge (1924), which made the best-seller list of John O'London's Weekly. Hall is a key figure in lesbian literature for her novel The Well of Loneliness (1928). This is her only work with overt lesbian themes and tells the story of the life of a masculine lesbian named Stephen Gordon.~~

~~White Cargo is the forgotten story of the thousands of Britons who lived and died in bondage in Britain's American colonies. In the seventeenth and eighteenth centuries, more than 300,000 white people were shipped to America as slaves. Urchins were swept up from London's streets to labor in the tobacco fields, where life expectancy was no more than two years. Brothels were raided to provide “breeders” for Virginia. Hopeful migrants were duped into signing as indentured servants, unaware they would become personal property who could be bought, sold, and even gambled away. Transported convicts were paraded for sale like livestock. Drawing on letters crying for help, diaries, and court and government archives, Don Jordan and Michael Walsh demonstrate that the brutalities usually associated with black slavery alone were perpetrated on whites throughout British rule. The trade ended with American independence, but the British still tried to sell convicts in their former colonies, which prompted one of the most audacious plots in Anglo-American history. This is a saga of exploration and cruelty spanning 170 years that has been submerged under the overwhelming memory of black slavery. White Cargo brings the brutal, uncomfortable story to the surface.~~

~~The Well of Loneliness -- the Radclyffe Hall novel at times referred to as "the bible of lesbianism" -- was released in Britain in 1928 and was immediately controversial. Pronounced obscene following a sensational trial, the book has become a cultural icon as well as a source of considerable debate, especially among feminists, lesbians, and transgendered persons. Palatable Poison gathers together classic essays on Radclyffe Hall's book -- beginning with Havelock Ellis and early reviews -- as well as pieces by such contemporary critics as Esther Newton, Judith Halberstam, Teresa de Lauretis, and Terry Castle. Providing an understanding of how views of the book have changed over time and covering such topics as race, the nation at war, and melancholy, the collection presents new and provocative ideas about the immense cultural impact of The Well of Loneliness and its unique place in the literature of sexual nonconformity. ~~From internationally bestselling author Benedict Wells, a sweeping novel of love and loss, and of the lives we never get to live “[D]azzling storytelling...The End of Loneliness is both affecting and accomplished -- and eternal.”—John Irving Jules Moreau’s childhood is shattered after the sudden death of his parents. Enrolled in boarding school where he and his siblings, Marty and Liz, are forced to live apart, the once vivacious and fearless Jules retreats inward, preferring to live within his memories – until he meets Alva, a kindred soul caught in her own grief. Fifteen years pass and the siblings remain strangers to one another, bound by tragedy and struggling to recover the family they once were. Jules, still adrift, is anchored only by his desires to be a writer and to reunite with Alva, who turned her back on their friendship on the precipice of it becoming more. But, just as it seems they can make amends for time wasted, invisible forces – whether fate or chance – intervene. A kaleidoscopic family saga told through the fractured lives of the three Moreau siblings, alongside a faltering, recovering love story, The End of Loneliness is a stunning meditation on the power of our memories, of what can be lost and what can never be let go. With inimitable compassion and luminous, affecting prose, Benedict Wells contends with what it means to find a way through life, while never giving up hope you will find someone to go with you.~~

~~The instant New York Times bestseller and publishing phenomenon: Marina Keegan's posthumous collection of award-winning essays and stories "sparkles with talent, humanity, and youth" (O, The Oprah Magazine). Marina Keegan's star was on the rise when she graduated magna cum laude from Yale in May 2012. She had a play that was to be produced at the New York Fringe Festival and a job waiting for her at The New Yorker. Tragically, five days after graduation, Marina died in a car crash. Marina left behind a rich, deeply expansive trove of writing that, like her title essay, captures the hope, uncertainty, and possibility of her generation. Her short story "Cold Pastoral" was published on NewYorker.com. Her essay "Even Artichokes Have Doubts" was excerpted in the Financial Times, and her book was the focus of a Nicholas Kristof column in The New York Times. Millions of her contemporaries have responded to her work on social media. As Marina wrote: "We can still do anything. We can change our minds. We can start over...We're so young. We can't, we MUST not lose this sense of possibility because in the end, it's all we have." The Opposite of Loneliness is an unforgettable collection of Marina's essays and stories that articulates the universal struggle all of us face as we figure out what we aspire to be and how we can harness our talents to impact the world. "How do you mourn the loss of a fiery talent that was barely a tendril before it was snuffed out? Answer: Read this book. A clear-eyed observer of human nature, Keegan could take a clever idea...and make it something beautiful" (People).~~

~~The house itself is of Georgian red brick, with charming circular windowsnear the roof. It has dignity and pride without ostentation, self-assurance withoutarrogance, repose without inertia; and a gentle aloofness that, to those who knowits spirit, but adds to its value as a home. It is indeed like certain lovely womenwho, now old, belong to a bygone generation-women who in youth werepassionate but seemly; difficult to win but when won, all-fulfilling. They arepassing away, but their homesteads remain, and such an homestead is Morton.~~
