Troubleshooting If there are gaps in the tone holes If there are opening at the tone holes even when closed, it will be harder to make lower notes. This could mean that the alignment of the pads is off, so we recommend consulting with an expert at a music shop to have the pads replaced or repaired.

~~Care and Maintenance of a Saxophone:Troubleshooting ...~~
Troubleshooting is a form of problem solving, often applied to repair failed products or processes on a machine or a system. It is a logical, systematic search for the source of a problem in order to solve it, and make the product or process operational again. Troubleshooting is needed to identify the symptoms.
