Zahra's Paradise (Persian: Behesht-e Zahra) is a webcomic and graphic novel by Amir Soltani and Khalil set in modern Iran. It has been described as a political webcomic dealing with real-time events. Its story follows a mother searching for her son, who disappeared around the time of the Iran's 2009 elections. Serialized online beginning in early 2010, Zahra's Paradise was ...

Zahra's Paradise - Wikipedia

“ Zahra ’ s Paradise ” takes place in the days after the 2009-2010 Green Revolution, a protest movement that was violently squashed. Mehdi is a fictional protestor who goes missing. His college-age brother and mother try to find out what happened to Mehdi. As the story progresses, the reader meets a hodgepodge of realistic characters, including the mother ’ s chain-smoking best friend, a ...

As a way of getting up to speed on recent Iranian history, including the contested 2009 election, the large protests that followed, and the government's brutal response to those protests, Zahra's Paradise is invaluable. This is a brave document, published (under pseudonyms) at considerable risk to its authors, and as a reading experience its emotional impact was, at times, considerable.

Zahra's Paradise by Amir - Goodreads

Zahra ’ s Paradise is the latest in a slew of projects that have successfully filtered politics and history through the medium of the graphic novel – although the book ’ s series of epilogues about the story ’ s symbolism, the Green Revolution, public executions, and the victims of the regime, among other things, suggests that a more strictly prosaic work may be in the offing. As it is ...

Review: Zahra's Paradise - FPIF

Zahra's Paradise, written and illustrated by the anonymous duo Amir and Khalil, is set in the days after the protests against the elections in Iran in the summer of 2009. This graphic novel, which was first serialized on the Internet, begins with a bizarre opening scene: a small boy, somewhere in the mountains of Iran, is feeding a litter of puppies who are being suckled by their mother.

The Iranian Graphic Novel "Zahra's Paradise": An Artistic ...

Zahra ’ s Paradise was written a few weeks after the 2009 Iranian elections by Amir, an Iranian activist residing in the United States and made into a graphic novel by Khalil, an artist also based in the United States. Zahra ’ s Paradise was first serialized as a web comic at www.zahrasparadise.com. Set in the aftermath of the elections of 2009, Zahra ’ s Paradise is the fictional story of the ...

She fantasizes about discovering that she was swapped at birth, and is in fact the rightful owner of the beautiful, empty mansion. She longs to escape the three-bedroom semi she shares with her ordinary parents, her revolting brother and annoying sister, to go and live in the palatial luxury of the fascinating house. Then she meets Tia, the daughter of the new tenant of Paradise End, and Carly begins to realize that life behind the impressive pillars and long, elegant windows isn't anything like her dream.

From a prize-winning journalist and the co-author of the best-selling *Zahra's Paradise*, a sweeping graphic history of electronic surveillance from 9/11 to the latest drone strike 9/11 not only marked the worst domestic terror attack in U.S. history, but also unleashed electronic spying by the government on a massive worldwide scale. In a wholly original and engaging telling, *Verax* ("truth-teller" and one of Edward Snowden's code names) recounts the full story of American electronic surveillance post 9/11, in brilliant comics form. We follow Pratap Chatterjee, journalist sleuth, as he dives deep into the world of electronic surveillance and introduces its cast of characters: developers, companies, users, government agencies, whistleblowers, journalists, and, in a leading role, the devices themselves. He explains the complex ways governments follow the movements and interactions of individuals and countries, whether by tracking the players of *Angry Birds*, deploying "Stingrays" that listen in on phone calls or "deep packet inspection" that mines email, or by weaponizing programs with names like *Howlermonkey* and *Godsurge* to attack the infrastructure of states such as Iran and remotely guide the U.S. missiles used in drone killings. He chronicles the complicity of corporations like Apple, Verizon, and Google, and the daring of the journalists and whistleblowers—from Snowden to Julian Assange to the lesser-known NSA Four—who made sure that the world would know. Finally, he gives a prognosis for the future of electronic surveillance, and for the fortunes of those who resist it. By condensing a crucial event of the 21st century and a broad, complex history into a compact, engaging, and vivid work, *Verax* is a significant contribution that is certain to last.

An extraordinary, cinematic saga of rags-to-riches-to-revolution that follows an orphan girl coming of age in Iran at a time of dramatic upheaval. It is the 1950s in a restless Iran, a country rich in oil but deeply divided by class and religion. The government is unpopular and corrupt and under foreign sway. One night, an illiterate army driver hears the pitiful cry of a baby abandoned in an alley and menaced by ravenous wild dogs. He snatches up the child and takes her home, naming her Aria—the first step on an unlikely path from deprivation to privilege. Over the next two decades, the orphan girl acquires three mother figures whose secrets she will learn only much later: reckless and self-absorbed Zahra, who abuses her; wealthy and compassionate Fereshteh, who adopts her; and mysterious Mehri, whose connection to Aria is both a blessing and a burden. A university education opens a new world to Aria, and she is soon caught up in the excitement and danger of the popular uprising against the Shah that sweeps through the streets of Tehran. The novel's heart-pounding, explosive finale sees the Ayatollah Khomeini's brutal regime seize power—even as Aria falls in love and becomes a mother herself. Nazanine Hozar's stunning debut gives us an unusually intimate view of a momentous time, through the eyes of a young woman coming to terms with the mysteries of her own past and future.

Growing up on the Aegean Coast, Ozge loved the sea and imagined a life of adventure while her parents and society demanded predictability. Her dad expected Ozge, like her sister, to become an engineer. She tried to hear her own voice over his and the religious and militaristic tensions of Turkey and the conflicts between secularism and fundamentalism. Could she be a scuba diver like Jacques Cousteau? A stage actress? Would it be possible to please everyone including herself? In her unpredictable and funny graphic memoir, Ozge recounts her story using inventive collages, weaving together images of the sea, politics, science, and friendship.

Follows the experiences of a white family from a racist suburb and a black family from Houston's most disadvantaged community who cross color lines to defend five black college students charged with the murder of a policeman.

A *New York Times* Notable Book: In 2025, with the world descending into madness and anarchy, one woman begins a fateful journey toward a better future. "A stunner." —Flea, musician and actor, *The Wall Street Journal*
Lauren Olamina and her family live in one of the only safe neighborhoods remaining on the outskirts of Los Angeles. Behind the walls of their defended enclave, Lauren's father, a preacher, and a handful of other citizens try to salvage what remains of a culture that has been destroyed by drugs, disease, war, and chronic water shortages. While her father tries to lead people on the righteous path, Lauren struggles with hyperempathy, a condition that makes her extraordinarily sensitive to the pain of others. When fire destroys their compound, Lauren's family is killed and she is forced out into a world that is fraught with danger. With a handful of other refugees, Lauren must make her way north to safety, along the way conceiving a revolutionary idea that may mean salvation for all mankind. This ebook features an illustrated biography of Octavia E. Butler including rare images from the author's estate.

A combination of poetry and Islamic knowledge compiled for the reader by Zahrah Batool. Each chapter touches on a specific topic easing the reader with digestible knowledge. Chapter 1: This World Chapter 2: And my loved ones walked away Chapter 3: His Mercy outweighs His Wrath Chapter 4: The Love song Of Names Chapter 5: Hot Coals

'It is not surprising that *The Story of Zahra* is banned in several Arab countries. Subtle as it is, there is a subversive truthfulness to this portrait of a modern Arab family that is far removed from any bland ideal.' *Sunday Times* In this impressive and eloquent novel, al-Shaykh has lifted the corner of a dark curtain. Haunted by memories of deception and betrayal, Zahra leaves Lebanon to visit her uncle in political exile in West Africa, taking with her the uncomfortable secrets of her seduction. Returning uncomforted to Beirut, Zahra re-enters a world of explosions, shootings, arbitrary death - and loveless marriage. What could possibly make more sense than to use her own body to divert a sniper from his task? Out of the terror of war, and of sexual confusion and abuse, comes a strange fulfilment of Zahra's search for ecstasy and for freedom. And every reader will dream with her of how life could be - if only the war were over.
