This study is a presentation of Zimbabwean refugee learner experiences. Children escaped political persecution and economic problems which affected Zimbabwe in the year 2008. Many of these children were abused and witnessed traumatic experiences, their close relatives and neighbours being executed in cold blood. This study
was guided by three critical questions: i) who are the Zimbabwean refugee learners? ii) what were Zimbabwean refugee learners ' migration experiences? and iii) what were Zimbabwean refugee learners ' school experiences? The study employed Bronfenbrenner ' s Social Ecological Model as its overarching theoretical
framework. Each stage of the refugee experience was described at each point in time.
